Company Profile

Establishment time

In 2000

Factory Area

7096m²

Wuxi Lejin Electronic & Electrical CO., Ltd.

Maanshan Brightness Lighting Co., Ltd.

We are a commercial enterprise specializing in the research and development, design, production, sales, and service of lighting and holiday lighting products.

Due to the development strategy and demand for expansion of production scale, our company acquired 13,000 square meters of land in Anhui in 2010, and created a new company called Maanshan Brightness Co., Ltd, with manufacturing service as the main body. The factory area has reached 6800 square meters.

Our products follow the Company's one-stop independent operation from commodity planning to material selection, from product design to material purchase, from the quality control during production to the terminal customer service.

After 20 years of hard work, our products have sold well in more than 60 countries and regions around the world. We are now keeping pace with the times, relying on our advantages and resources, in order to continuously make a breakthrough and enterprising in the field of lighting under the new situation and background, consolidate the best resources, develop a range of new products and meet demands of different customers, which lay a solid foundation for the next stage of rapid development of the company.

COMPANY VISION:

Create a happy culture, so that employees can have a delicate life. Deliver quality products, so that customers can enjoy the supreme services.

COMPANY MISSION:

Keep making efforts to provide high-quality commodity and perfect service for domestic and foreign customers, and to meet the new demands of customers!

COMPANY SPIRIT:

People-oriented, the pursuit of excellence; hard work and enterprising, never say never.
